## JOHN VERMEULEN

Nurseryman

WESTBURY, L. I., N. Y.

Dear Customer and Friend:

As most of you have not received a regular Price List since the Fall of 1943, you may think that I have given up the propagation business, but the truth of the matter is that I have not had the time or the stock to justify sending out a regular list recently, and the situation has not improved. Competent help has been drafted and cannot be replaced. I have not done any grafting this year as it was almost impossible to obtain good understock, but I have made quite a lot of cuttings and hope to be able to continue to do so.

Also, we have been sowing seeds of several varieties for understock, etc., and hope to be able to offer more stock in the near future. If you have any specific items you need, write me and see what I have.

There is a small quantity of stock left that is offered for Spring and two NEW ITEMS which may interest you. I am planning to release four or five special types of Taxus next year, all hardy Erecta types, well tested and carefully selected.

Thanking you for past favors, and looking forward to long and pleasant future business relations, I remain,

Yours truly,

JOHN VERMEULEN

**TERMS:** Cash with order, less 5%, and no packing charge. 10% extra for less than 50 plants of a kind. All stock unsold by failure through weather or causes beyond our control. We will do our best to fill orders promptly, but if we should be delayed a trifle, please understand it is unavoidable.

### New Introductions, Carefully Selected and Tested

**AZALEA HINO-CRIMSON.** This variety offered for the first time last Fall. Color, "NON-FADING CRIMSON." A seedling of Hinodegiri, excellent grower and bloomer, with good foliage, and hardier than Hinodegiri. Good for forcing. From 2¼ inch pots, not more than 200 to customer — per 100..... \$25.00

**ACER PALMATUM BOURGONDYLACE.** This variety offered for the first time. A natural cross, it is a fast grower, sometimes as much as three feet on four-year grafts. Hardiness, as good as the variety Oshi-Beni, which is the best here. Foliage and color, Bourgondy Red and beautifully laced. Large, not thread-like as Acer Desectum. Grafts, not more than 25 to a customer, per 10..... \$ 7.50
